

# FLORA

## CONCENTRATED DETERGENT FOR FLOORS IN STONE MATERIALS

### PACKAGING

1 lt bottle PE- box 6 pc;  
-5 lt can PE - box 4 pc;  
-10 lt tank PE.

### YIELD

Depending on the concentration of use.

### TECHNICAL DATA

Physical state: clear blue color liquid  
Specific weight (g / cm<sup>3</sup>): 1  
pH (20 ° C) of the pure product: 7-8  
pH of the product at 1% in H<sub>2</sub>O: 7  
Flame point (ASTM):  
not inflammable  
Solubility in water: total

### STORAGE

Keep the product well closed at temperature between 0°C and +30°C.  
The product if stored in this way has a shelf life of 2 years.

### DESCRIPTION

solution of non-ionic and glycol-ether surfactants with degreasing action. It does not leave opaque halos. Hygienic action.

### FIELDS OF APPLICATION

**for the ordinary cleaning of treated and untreated stone materials**, such as cotto, glazed ceramic, natural stone, cement agglomerate, synthetic surfaces.

### CHARACTERISTICS

**The active principles present in the formula guarantee the non-aggressive cleaning action, allowing surface degreasing without affecting the waxy and protective components of the treatment.** Low-foaming detergent. It leaves no halos and releases a pleasant scent in the rooms. **FLORA combines the effective sanitizing action to the detergent / degreasing action.**

### INSTRUCTIONS FOR USE

the concentration of use depends on the type of dirt to be removed.

Dosages:

**-Dilute 250-500cc in 1 liter of water:** for an extraordinary and degreasing cleaning of untreated floors or to eliminate accumulations of dirty and deteriorated maintenance waxes on treated floors. Spread FLORA on the floor with a cloth, mop and leave to act for a few minutes, rub the surface with sponges or medium-hard buffers, then rinse it off with clean water.

**-Dilute 30-50cc in 5 liters of water:** for periodic cleaning.

**-Dilute 10-20cc in 5 liters of water:** for daily cleaning.

### LIMITATIONS

None.

### NOTES

Our indications are based on current research knowledge and are intended to give the best indications to the buyer-user. However, these indications require preliminary examinations and tests on the fields of use, the types of materials present and the various application conditions. The user decides independently on the suitability and on the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products.  
**Rev2-Ver020218**

### WARNING: CAUTION

**Hazard statements:** Causes serious eye damage.

**Precautionary statements:** Wear eye protection/face protection - If eye irritation persists: Get medical advice/attention.

**Contents:** non-ionic surfactants <5%, anionic surfactants <5%, benzalkonium chloride, perfume.
