

AGRUMOIL

DEGREASING DILUENT
WITH D-LIMONENE FOR WOOD

PACKAGING

1 lt pack. Tin - box of 6 pieces;
5 lt pack. Tank - box of 4 pieces.

YIELD

Depending on the consistency of the dirt to be removed or the degree of dilution required.

TECHNICAL DATA

Physical state: clear colorless liquid
Specific weight (g / cm³) at 20 ° C:
0.782
pH: n.a.
Flash point (ASTM): 40 ° C
Solubility in water: not soluble

STORAGE

keep the product well closed and at a temperature between 5 and 30 ° C in an aired environment and away from heat sources. If stored at low temperatures (<10 ° C) the product may become dense, but without compromising its use or performance. The product thus conserved has a useful life of 5 years.

NOTES

Our indications are based on current research knowledge and are intended to give the best indications to the buyer-user. However, these indications require preliminary examinations and tests on the fields of use, the types of materials present and the various application conditions. The user decides independently on the suitability and on the field of use. MARBEC Srl assumes no responsibility for the incorrect use of its products. Rev4-Ver081020

DESCRIPTION

Mixture of solvents, aliphatic hydrocarbons and D-Limonene.

FIELDS OF APPLICATION

Specific for cleaning all wooden surfaces

CHARACTERISTICS

AGRUMOIL:

- cleans all wooden surfaces covered in fatty substances or soot;
- removes resin superficially from resinous surfaces;
- is suitable for the extraordinary maintenance and recovery of floors treated with highly deteriorated oil-waxy impregnating agents;
- does not leave halos and does not stain the wooden essence.

INSTRUCTIONS FOR USE

Spread **AGRUMOIL** on the surface and let it act for a few minutes. Rub the surface with a mono-brush equipped with a red disc and red buffer. Remove and collect the residues. Clean the surface with a clean cloth moistened with **AGRUMOIL**.

As a diluent, it can be used in all concentrations.

LIMITATIONS

- protect all painted surfaces from the contact with **AGRUMOIL**.
- **AGRUMOIL** on decorated wooden structures may have an undesired solvent action on the colors of the decoration. Therefore, in these cases, it is advisable to carry out small preliminary tests.

WARNING: CAUTION

Hazard statements: Flammable liquid and vapor. – It can be fatal if swallowed and if it enters the respiratory tract. – May cause an allergic skin reaction. – May cause drowsiness or dizziness. – Toxic to aquatic life with long lasting effects. – Repeated exposure may cause skin dryness and cracking.

Precautionary statements: Keep away from heat sources, hot surfaces, sparks, open flames or other sources of ignition. Do not smoking. – Avoid breathing dust / fumes / gas / mist / vapors / aerosols. – Do not release to the environment. – Wear protective gloves / clothing and protect eyes / face. – If you feel unwell, call a POISON CENTER / doctor. – DO NOT induce vomiting. – Collect the spillage.

Contains: hydrocarbons, C9-C11, n-alkanes, isoalkanes, cyclics <2% aromatics, d-Limonene.
